Learn To Play and Play To Learn

Learning English becomes easier when interest is generated. If there is break from usual routine of the class, learning becomes all the more interesting. Language games are effective tools for stimulating the interest of the students by ensuring their active involvement in competitive and relaxed ambience and making them exposed to the beauty of English language.

Knowing these undisputable facts, Dept. of English at Malabar College of Advanced Studies, Vengara is organising language games-oriented outreach programme "Ringa Rose" under the aegis of Eng Support, an extension activity platform of the department, at three near by Lower Primary Schools:

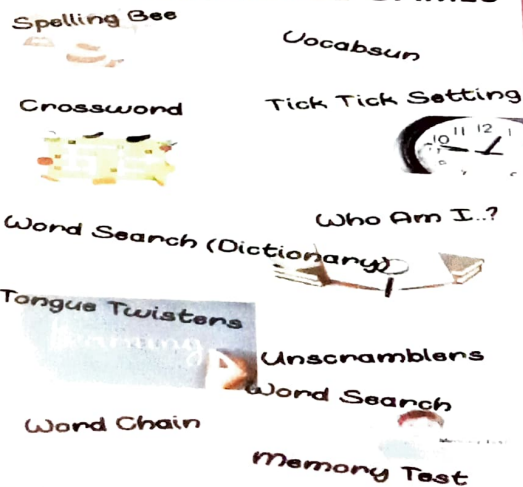

- G. L. P. School, Kilinakkodu
