

WOMEN DEVELOPEMENT CELL

MALABAR COLLEGE OF ADVANCED STUDIES VENGARA

10-02-2018 AMMAKKORU KAITHANGU

Our team made a visit to the old age home – Snehaveedu run by Dr. Khamarunnisa Anwar in Tirur. 15 inmates were residing in the old age home. Adjacent to that a shelter home for women was also run by her. We offered a day's lunch for the inmates and spent a day with them. Student had also bought bed sheets and pillow covers for them and some sweets too. Many of the residents narrated the bitter experiences they faced in their life. Most of them were married and had children but they were expelled from their homes by their dear ones. Our students got a chance to converse with the superintend of that institution who was a MSW degree holder and was highly committed towards serving the society. We also made deep conversation with the counselor of the institution who was a clinical psychologist and had immense experience in handling women even mentally challenged ones also.
