## Women Development Cell

### Malabar College of Advanced Studies, Vengara

#### GENDER SENSITIVITY PROGRAMMES

#### OFFICIAL INAUGURATION OF ACTIVITIES OF WDC "SAKHI" FOR THE ACADEMIC YEAR 2018-19 ON 19-09-2018

The official inauguration of Women development Cell activities for the academic year 2018-19 was done by Dr. Peeyush Namboothiripad, District Medical Officer, Thalassery. The programme was attended by all students, teachers and management committee members. The chief guest was an excellent orator, singer and a highly accomplished medical practitioner. He rendered a highly motivating speech and while addressing the audience he discussed about the duties and responsibilities of students, opportunities for higher education especially for girls in various parts of the country etc. He enlightened the students about the importance of education by quoting many real-life examples and discussed about various scholarships offered in both National and International levels for highly meritorious students.

**"DISHA" NURTURING ENTREPRENEURIAL MINDS 30-09-2018**

An awareness class on Entrepreneurship Development Programme was conducted in the college auditorium and Dr. Muhammed , Asst . Professor Department of Genetics, Govt. Veterinary College, Pookkode was the Chief guest. He is a highly enterprising individual who has done his Post-Doctoral fellowship from Australia. The programme was meant to inculcate, develop and polish the entrepreneurial skills in students so that they can establish and successfully run his / her enterprise. The sub objectives of the programme are listed below. Develop and strengthen the entrepreneurial quality, i.e. motivation or need for achievement. Analyse environmental set up relating to small industry and small business. Understand the process and procedure involved in setting up a small enterprise. Know the sources of help and support available for starting a small scale industry. Learn the necessary managerial skills required to run a small-scale industry. Know the pros and cons in becoming an entrepreneur.

**"MANTRA" Workshop on stress management and student counseling 27-10-2018**

A workshop on stress management and student counseling was organized in the college and Mr. Tushar Soubari, Asst Professor , PG Dept. Of Commerce, NSS College Mattannur was the chief guest. He is a highly intellectual individual who has secured first rank and gold medal during his graduation and post-graduation. He is also a trained counselor and has done many courses related to Psychology and Counseling. Now a day's students are prone to stress due to variety of reasons. Academic pressure, over involvement in social media, over influence of friends etc create stress in the minds of the students. So a session was arranged for their benefit to find ways to release stress in an effective way.

Some useful tips shared by the guest with students to bring down stress are as follows.

- **Identify what you can change about the stressful situation.**

If exams or assignments are causing stress, draw on skills such as time management, exam preparation, or essay-planning.

- **Calm your physical responses to stress.**

Learn and practice relaxation techniques such as controlled breathing and muscle relaxation.

- **Exercise.**

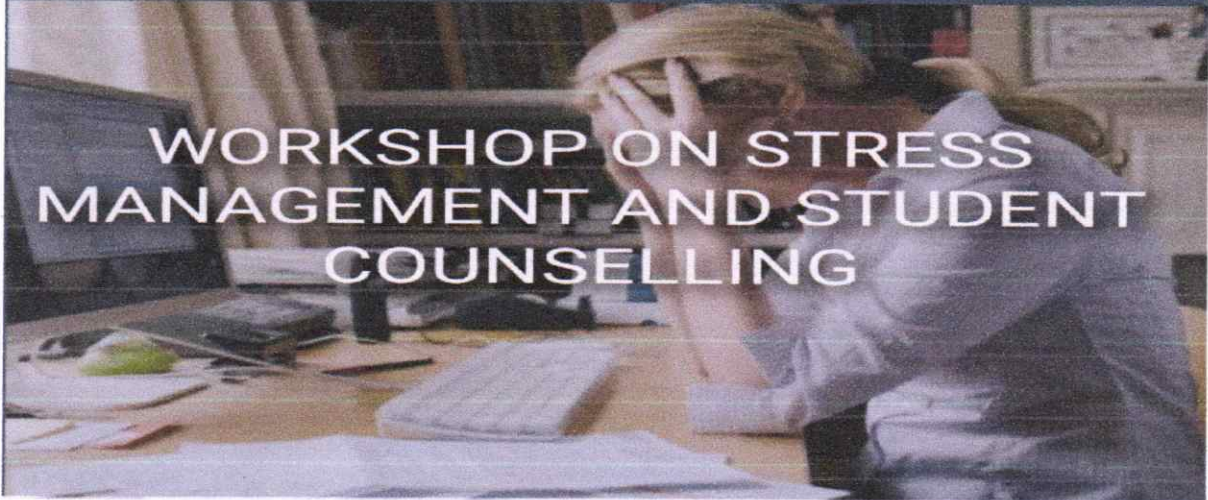

Consistent exercise – even a small amount of activity each day (e.g., walking, swimming, jogging, weight training) – can help.

  
**PRINCIPAL  
MALABAR COLLEGE  
OF ADVANCED STUDIES  
VENGARA**

- **Take care of yourself.**

The importance of eating healthily, exercising regularly, and getting enough sleep cannot be underestimated for maintaining good physical, mental, and emotional functioning.

**Connect with your community.** Talking things through with a friend or family member who understands and supports you can help to put problems into perspective.

**ANGANA 3- 11-2018**

We organised a competition named Angana to find out the most talented girl student in our campus who is the real gem in all aspects. The competition was held in two levels. In the morning session preliminary screening was conducted through personal interview to select the final participants for the competition. The afternoon session was an open session in which all girls and teachers of our college assembled in the college auditorium. Few rules were already conveyed to the participants on the prior day itself. They were asked to wear traditional Kerala attire and use only Malayalam language while interacting with the judges and audience in the final round. It was a real challenging experience for the contestants and the audience also learnt a lot through this pageant. Ms. Abhina of 2<sup>nd</sup> year BMMC was crowned as the winner of Angana 2018. Ms. Surya of 1<sup>st</sup> year B.Com (TT) was the first runner up and Ms. Sahla Banu of 1<sup>st</sup> year BBA was the second runner up of the competition. This programme paved a great way to build up an emotional resilience in students. It enforced them to gain emotional strength and to accept criticism and rejection gracefully. The ability to accept tough critique may help the participants to deal with criticism and feedback in all aspects of life in future. It may also enforce students to perform better - to meet their highest possible standards. Above all, participating in this competition might increase self-confidence and self-esteem in students.

### MALABAR COLLEGE OF ADVANCED STUDIES VENGARA

11-12-2018 AMRITHA DHWANI

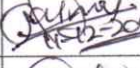

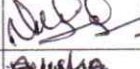

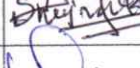

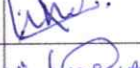

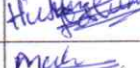

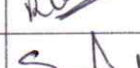

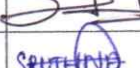

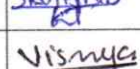

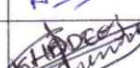

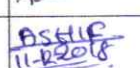

We organized an early intervention campaign under the collaboration of Department of Social Welfare. The programme was intended to create awareness in the minds of public and youth about various congenital deformities like hyperactivity, autism, learning disability etc. Teachers from 30 Anganwadis, 70 parents and our students participated in the programme.

**NUMINOUS CURRENCY EXHIBITION 14-12-2018**

We organized a currency exhibition in collaboration with Dept. Of Management studies in our college. Students brought currencies from various countries and also arranged them in a very attractive way. They also displayed charts, diagrams and mile stones in the development of banking etc in a very beautiful way. The programme was arranged with a view to improve the organising skills of students and also to improve their general knowledge.

**CYBER HACKER 20-12-2018**

A programme was arranged in the college to educate the students the dangerous hidden in the cyber world. Mr. Biju K.P, Sr, CPO Malappuram was the chief guest. The session was an extra ordinary effective one and the influence of his presentation was clearly readable from the faces of the audience. He showed many videos and audio clips which showed the negative impacts of cyber technology and how the lives of innocent victims (both girls and boys) are trapped by the cyber hackers. Students were deeply moved with his magical way of narration and the session prolonged even after college working hours, while no student wished to wind up the session soon. Girls understood how their photos and videos will be used by wicked persons and later on black mail them. Students took an oath that they will use social media wisely and will not become addicted to it or spend much time unnecessarily. The message that personal mobile phone numbers and email ids should not be handed over to unfamiliar persons was clearly conveyed by the speaker. Students were also made aware of the negative impact of posting private photos and videos largely in social medias like facebook. The knowledge that a friend request received from an anonymous person should not be reverted was also passed on to the students. Through the conduct of that programme we teachers were highly relieved that atleast the students from our college will not fall in any negative trap and spoil their life.

**SOCIAL OUTREACH PROGRAMMES BY WDC IN 2018-19**

**SUKRITHAM 15-01-2019**

We launched a programme "Sukritham" in our college. It is an initiative to spread socially relevant topics to students of various age groups in the schools and colleges near to our college. The classes will be taken by the students of our college under the leadership of the WDC Co-ordinator Mrs. Dhanya Babu V. We gave training for our students regarding various topics to be prepared for taking the class and helped them to prepare the supporting materials like power point slides, videos etc. Another objective of this programme is to make our students competent to take classes by overcoming their stage fear and inhibitions. It can also enhance their knowledge and social commitment. The first programme was arranged in PMSAM UP School Nellipparamba, Malappuram. A class on the hazards of using illicit drugs was taken for the sixth and seventh standard students of this school. Students were very attentive during the session and they promised that they will abstain from harmful drugs of any sort in their life.

#### INCUBATOR 22-01-2019 (Fore noon)

Team WDC conducted a programme named "INCUBATOR" in collaboration with the District Industries Centre, Malappuram. The chief guest was Mr. Sreeraj M, Industrial Extension Officer, Malappuram DIC. The topic covered was motivation for women and men to start up innovative enterprises, the schemes and loans offered by DIC and other government agencies, schemes available for women entrepreneurs, the services offered by DIC like project assistance before and after setting up a business unit etc. The session was a state of the art experience for the audience. Even if a person has good ideas and potential to start a business, the main constraint before him is to finding ways to raise the seed capital. This session cleared the hesitations of the participants regarding starting and running of businesses. He shared many real life experiences of successful entrepreneurs in both local and national levels who started with a very humble beginning and later on they turned into highly successful ones.

**BETTER LIFE 23-01-2019 (Fore noon)**

An anti drugs programme was arranged in the college to create an awareness among students regarding the harmful impact of using drugs. Mr. Philip Mampad, Sr. Civil Police Officer of Malappuram Police station was the chief guest for the programme. The resource person rendered a highly effective class which captivated the minds of both girls and boys in our college. He narrated many real life examples, showed pictures and videos of people who ruined their lives due to the usage of excessive drugs. He explained that the parts of the brain that control judgment and decision-making do not fully develop until people are in their early or mid-20s and so college students may have tendencies to experiment with drugs. He also stressed the point that because the brain is still developing, using drugs at this age has more potential to disrupt brain function in areas critical to motivation, memory, learning, judgment, and behavior control. He concluded that teens who use alcohol and other drugs often have family and social problems, poor academic performance, health-related problems (including mental health conditions), and involvement with the juvenile justice system. The session was really a mind blowing one and our students took an oath that hence forth they will abstain from using drugs of any type in their life.

AYUR DRISHTI 24-01-2019

We arranged a programme "AYUR DRISHTI" - ways to maintain optimal health, in our college. The programme was organized in collaboration with Kottakkal Arya Vaidyasala and the theme was to impart the significance of Ayurveda in treatment of many diseases. Dr. T.S. Madhavankuty, Chief of the Research and Development Wing of Kottakkal Arya Vaidya sala and Dr. Anjana Devi, Physician of Kottakkal Arya Vaidya sala were the chief guests of the programme. Mr. Anil Babu, Marketing Manager of Kottakkal Aryavaidyasala also attended the programme. The doctors stressed the following vital information regarding Ayurveda. Ayurvedic medicine aims to integrate and balance the body, mind, and spirit. This balance is believed to lead to happiness and health, and to help prevent illness. Ayurveda offers methods of finding out early stages of diseases that are still undetectable by modern medical investigation. The two main aims of Ayurveda are maintenance of this equilibrium and its repair in case of any imbalance and derangement. Ideas about the relationships among people, their health, and the universe form the basis for how Ayurvedic practitioners think about problems that affect health. Ayurveda had recognized the importance of the environment in the total health. Ayurveda gives equal importance to mental health. Ayurveda deals with medical subjects such as genetics, gynaecology, surgery, physiology, biology, diet, ethics, personal hygiene, social medicine, allied subjects like animal biology, botany, cultivation, pharmacognosy, chemistry, and cosmology. Ayurveda helps each individual realign their living patterns to bring about health and peace and to remember that their true nature is spirit. Ayurveda gives equal importance to both preventive and curative aspects. The session was a highly informative one and students clarified many doubts regarding various diseases and available treatments in Ayurveda etc. We are deeply indebted to the management of Kottakkal Aryavaidya Sala for donating 22 books on Ayurveda to our college library which are huge repositories of knowledge relating to Ayurveda.

**28-01-2019 AMRITHAM GAMAYA (Fore noon)**

Amritham Gamaya, a workshop on Basic Life Support and Cardiology was arranged in our college in collaboration with Aster MIMS hospital, Kottakkal. Dr. Muhammed Shafi, HoD Emergency Medicine and Dr. Moufoos Rahman of Emergency Medicine were the chief guests of the programme. The doctors were supported by Mr. Sibi and Mr. Usman, technicians from Dept. of Emergency medicine. Basic Life Support (BLS) is the primary medical aid provided to a person in an emergency medical situation that can be used in emergency situations until victims are placed into the care of medical professionals. BLS techniques can be used when victims appear to be choking, drowning, unconscious or suffering from cardiac arrest. Knowing the proper steps in providing BLS can be the difference between life and death. This procedure can prove to be very helpful when it comes to saving the life of an individual. Our students were taught many important BLS techniques that may help to sustain the life of patients until the emergency medical aid arrives.

### Malabar College of Advanced Studies, Vengara

#### Stree souhruda class 29-01-2019

An awareness class was organized in our college in collaboration with Seethalayam project of Dept. of Homeopathy, Govt of Kerala. Dr. Riya, Homeo Doctor and Ms. Kochuthresya, Psychologist, District Homeo Hospital, Malappuram were the chief guests of the programme. Students were given an insight about the Seethalayam project of Homoeopathy Department, Govt. of Kerala, the first gender based programme for women Health care – to empower women’s mental, physical and social health. Through this session, students became aware of the following facts. The main aim of the Seethalayam project is to provide aid for suffering women in the society. Majority of the ladies are facing physical and mental torture in domestic and social environment. Domestic tortures are mainly due to dowry related issues, nuclear family constrains and substance abuse. Increasing incidence of suicidal tendencies in women is mainly attributed to their family problems, mental illness, physical illness and financial problems. It is well proved that Homoeopathy can alleviate mental aberrations and suicidal tendencies without any bad effects and financial burden. Under seethalayam project, after consultation and detailed interrogation the lady Homoeopathic Physician identifies the actual route cause of the problem and gives necessary treatment and counseling (with the help of a psychologist). If needed treatment is also extended to the family members. In essential cases the person can be admitted in the hospital for strict Homoeopathic care. Along with treatment, Seethalayam is committed to provide the multi dimensional supports from the Social and Family Welfare Departments, State Women’s Commission, Home department and other NGOs etc.

**BANKING REVOLUTIONS BY DEPARTMENT OF POSTS 01-02-2019**

We organized a class by joining hands with Tirur Postal division. Mr. Hari V.T. Superintendent and Mrs. Priya Menon, Asst. Superintendent Dept of Posts, Tirur Postal division were the chief guests. The objective of conducting this programme was to create an awareness about the financial services offered by Post office including Savings and Postal Life Insurance (PLI) / Rural Postal Life Insurance (RPLI). The Post Office small savings scheme provides a secure, risk free and attractive investment option for the small investors and offers the savings products across its 1,55,000 Post offices. The Post Office savings bank is the oldest and by far the largest banking system in the country, serving the investment need of both urban and rural clientele. An awareness about various post office schemes like Savings Account, 5 - Year Recurring Deposit (RD) Account, Time Deposit (TD) Account, Monthly Income Scheme (MIS) Account, Public Provident Fund (PPF) Account, National Savings Certificates (NSC), Senior Citizen Savings Scheme (SCSS) Account, Sukanya Samridhi Accounts, Kisan Vikas Patra (KVP) and several Money Remittance Services like Money Order (MO), Instant Money Order (IMO), International Money Transfer (IMT), Money Gram - Money Transfer, Electronic Clearance Service (ECS), IFS Money Order, Mobile Money Transfer etc were discussed in detail to the audience. Students got an opportunity to clarify several doubts regarding services offered by the postal department.

#### INDUSTRIAL VISIT TO SUMIX KIDS WEAR 05-02-2019

We organised an industrial visit to Sumix kids wear , a well established kids brand located in Cheenippadi, Manjeri. We understand that theoretical knowledge is not enough for a successful professional career. The objective of organizing the industrial visit is to provide an insight to students regarding the internal working of companies. This industrial visit provided students a practical perspective of the work place and also contributed an opportunity to learn about the struggle in running a business unit from an entrepreneurial view - practically through interaction, working methods and employment practices.

### **ENVIRONMENTAL AWARENESS PROGRAMMES**

**HARITHAM 08-02-2019**

We organized a programme "Haritham" in our college to create a cognizance in the minds of students about the importance of cultivating fruits and vegetables in our own homes. Mrs. Maharunnisa, Agricultural Officer of Oorakam Panchayath was the resource person. She is a highly venturesome lady who took the class on various types of crops that can be cultivated easily in our homes during various seasons, natural manure that can be used for crops, ways to set up bio gas plants etc. Her class was very lively and students clarified several doubts regarding cultivating different plants.

**INDUSTRIAL VISIT TO SUPER NOVA CURRY POWDER COMPANY 12-02-2019**

We coordinated a field visit to Super Nova curry powder manufacturing unit in Manjeri. They manufacture a variety of food itineraries like curry powders, masala , pickles and ready to cook food items etc. With an aim to go beyond academics, we organized this industrial visit to provide students a practical perspective on the world of work. It may provide students with an opportunity to learn practically through interaction, working methods and employment practices. The staff in this unit were extremely cooperative and explained to us each and every stages during processing upto packing of food items and we were really impressed on seeing the efforts taken by the management in order to ensure quality of their food products.

### FIELD VISIT TO KOTTAKKAL HERBAL GARDEN AND MUSEUM ON 14-02-2019

We arranged a field visit to the famous herbal garden and museum preserved under Kottakkal Arya Vaidya Sala. The trip gave an insight to the students about various medicinal plants that are used to manufacture Ayurvedic medicines, the history of Kottakkal Arya Vaidya Sala etc. It was a nice experience to our students, who are the modern generation, having less knowledge regarding the pride and legacy of Kerala in the field of Ayurveda.

**NEETHI JWALA 19-12-2018**

We arranged a programme in our college with the support of Kerala State Legal Service Association (KELSA). Mr. Aneesh M.C, Advocate, Parappanangadi court was the chief guest. He gave an extensive lecture on laws to protect the rights of women and the services offered by KELSA. His class was very informative and he stole the attention of audience by telling some stories and real life experiences.

#### INDUSTRIAL VISIT TO NALAKATHU GARMENTS 12-02-2019

We organized an industrial visit to Nalakathu garments, Manjeri – a leading start up unit in gents garments manufacturing sector. This visit was organized with a view to bring more clarity to important management concepts for students as they will get practical firsthand experience about how these concepts are put into action. The learning outcomes experienced by the students through this visit can be summarized as follows. It bridged the gap between classroom theoretical training and practical learning in a real-life environment. It provided an opportunity for students to ask questions related to their area of interest. Many students were able to identify their prospective area of work like marketing, finance, logistics, etc. It also gave students a platform to enhance their interpersonal skills and nourished their critical thinking.
