#### ONLINE EXPO NISARGA –THE CANVAS OF WOMEN

One of the outstanding programs of Prouda was Nisarga, the online painting exhibitions of the artist Lavya. In association with Dept. of Multimedia, Prouda gave an online opportunity to the students to observe and contemplate the gender inequalities still prevalent in the society. The paintings were perfectly canvased in Arts steps, a software for exhibition. The paintings reflect how a vibrant infant girl is ultimately suppressed and oppressed by the social system. Providing a real art gallery experience, Prouda through *Nisarga* has cognized the spectators different kinds of violence on women. Besides, the expo has given an opportunity for them to express their critical comments on the thoughts of Lavya. The aesthetic experiences have helped them realize their enthusiastic potentials within themselves.
